Re: POD: S00-3275 and S00-3276

Dear Bill,

Thank you for walking me through the documentation today on the website. I would never have found the right forms without your assistance.

I hope I have filled in the form adequately. As mentioned, we bought the property in 1999 and John Souza died several years after that. Unfortunately no one informed us we must change names with the water board. Sorry about that.

One other thing to note is that when Souza sold his ranch he subdivided it into three parcels, so there might be some confusion with the APN numbers. I am not sure if he had just one number back when he filed for water rights or three. We bought the larger 630-acre piece (total was 850 originally) and ours is the only dwelling and agri operation that was pumping from the creek. The other parcels have springs.

The arrow on the Erims map designates our house site and the spot that we have continued to pump water from the creek for both domestic and agricultural purposes. However, it looks like the arrow might point to the wrong side of the creek. There is no house and no pumping taking place on the south side of the creek.

Please feel free to contact me if you have any questions. 650-367-8556.

Warmest regards and a happy holiday.

Amanda Jones
